Course for Certified Environmental Professional in Scheduled Waste Management

"Experiencing is Enriching"

A progressive solutions partner enriching workforce for a sustainable future

Certified Training Provider for EIMAS of the Department of Environment

*Course dates for 2022
Refer to INSTEP Learning Calendar
FY2022

COURSE OVERVIEW

Safe handling and proper management of scheduled wastes are crucial to prevent unintended exposure that will affect human health and pollute the environment. This 5-day course of hybrid mode (combination of virtual & physical training) will provide you the essential knowledge in managing the wastes while complying to legal requirements and industry best practices. Our experienced trainers in Scheduled Waste Management will share their hands-on experiences through classroom activities and discussion of case studies.

Certificate of competency will be awarded by EIMAS to participants who successfully:

- Complete 5-day course
- Pass the examination
- Submit a field training report

COURSE CONTENT

DAY 1

- Module on Competency Programme
- Module 1: Overview of Scheduled Waste Management
- Module 2: Identification, classification and properties of scheduled wastes
- Module 3: Introduction to scheduled waste legislations and policies

DAY 2

- Module 4.4.1: Notification and inventory
- Module 4.4.2: Storage requirement
- Module 4.4.3: Tracking
- Module 4.4.4: Licensing

DAY 3

- Module 4.4.5: Treatment and disposal
- Module 4.4.6: International convention
- Module 5: Field training report on CePSWaM (EIMAS)

DAY 4

- Module 6: Group workshop
- Module 7: Practical exercise
- Group review session

DAY 5

- Practical and written exams
- Self revision session

WHO SHOULD ATTEND

Managers, Executives, Supervisors and Operators involve in managing and handling of toxic and hazardous wastes.

RM3,750 /pax (excludes tax)

Payment should be made prior to attending the course

Face-to-Face (F2F)
at KL/Selangor, Penang, JB, Kuantan, Miri, Kota Kinabalu & INSTEP,KT

MINIMUM REQUIREMENT

- ✓ Diploma or Degree in Science or Engineering
- ✓ Certificate from polytechnic or SKM Level 3 with 1 years experience in handling schedule waste.
- ✓ SPM with 3 years experience in handling schedule waste (company must submit copy of highest educational certificate with a letter to confirm the experience)

Registration Closing Date

14 days before the course started

Seats are limited to **25** people per session.

COURSE OBJECTIVE

- To describe scheduled wastes management legal requirements
- To identify, classify and categorize scheduled wastes
- To implement effective practices in scheduled wastes management
- To comply with EQ (SWR) R 2005

METHODOLOGY

- Experience sharing & group discussion
- Video presentation
- Practical session on identification, classification, labeling and storage

BENEFIT OF ATTENDING THE COURSE

- Become competent persons in managing scheduled wastes
- Able to comply with legal requirements
- Able to implement good management practices in scheduled wastes management

Scan QR code to register online!

Requirement for Face-to-Face session

- The candidate and training provider shall comply with SOPs and guidelines by KKM, Training Provider and HRDC.
