

INSTEP

Learning Calendar

2026

The background image is a futuristic aerial view of a sustainable city. It features large solar panels floating in the water, wind turbines, and an offshore oil rig. The city itself has modern buildings with green roofs and a large dome. The scene is set against a bright sun over the ocean, with colorful light streaks in the bottom right corner.

Experiencing is Enriching

We develop your technical competency to drive the energy transition

INSTEP is committed to building the workforce of tomorrow through experiential learning, state-of-the-art facilities, and industry-experienced instructors.

Our programmes are designed to **develop and upskill** the knowledge needed to navigate critical requirements towards energy transition.

Through **real plant simulations** and hands-on experience, you will engage learning in **digitalisation, automation, and innovative technologies**.

INSTEP empowers you to adapt in the future of energy.

INSTEP

HRD Corp Claimable

Please notify your respective HR focal to apply for the grant before joining our training programmes.

Businesses are advised to apply for the grant at least 5 working days before participant(s) attend the training programme. Failure to do so will result in invalid claims to HRD Corp. Claim amounts may vary and is subject to HRD Corp Allowable Cost Matrix calculations.

More programmes will be registered with HRD Corp and will be updated soon.

MBOT Approved Training Provider

INSTEP has been approved by Malaysian Board of Technologist (MBOT) as an **Approved Training Provider (ATP)** to deliver MBOT – certified training programmes **for Continuing Professional Development (CPD) hours** collection system. In MBOT, CPD is essential to renew the certificate of registration for Professional technologist and Certified Trainers only.
